

[e1] Long distance relationships test the strength of any relationship.

[e2] Each person involved must want the relationship to work for it to actually happen.

[e3] They would also need to understand that there is going to be a lack of any physical contact for a long period of time.

[e4] I feel that in humanity there is a need for physical intimacy for anyone

[e5] so by being so distant you can't make that happen.

[e6] For this reason I think they usually work at first but however over time they will fail to meet all the criteria of a good relationship.
